## LOMIK Summer 2020 Activities

Recognizing the unique situation brought about by the COVID-19 Pandemic, LOMIK is seeking to faithfully carry out its mission and be a part of the healing process needing to take place. This requires new ways of doing things and balancing the various parts of our mission. The uncertainty caused by the current pandemic has made the cancellation of our traditional summer camps a necessity for the safety of all. Seeking to be good and faithful stewards of the gifts we have been given we offer the following ways individuals, families and congregations may engage this summer in outdoor ministries.

The activities outlined here seek to limit the risk of exposure and transmission by not gathering people from many different places. They will also limit the size of groups below allowable limits. Dates are all conditioned upon the State/County recommendations. Planning/registration for each activity is listed.

### Beginning June 8, 2020

#### **Self-Guided Day Visits**

Outdoor activities lead to better mental & physical health. Day trips are a way of giving individuals/families the opportunity to stay connected to the camps they love. Check-in at the parking lot or kiosk upon arrival. Suggested activities will be made available at check-in or on our website before arrival. Groups/individuals will then pursue activities on their own and at their own pace. There is no cost, donations are graciously welcomed.

**General ideas for the day's activities:** Hiking, Picnics, Creation encounter activities, Kayak, Fishing (free days: June 6-7 & Sept. 26, (a valid state fishing license is required except at Lutheran Hills), Swimming (no life guard on duty).
