Family Weekend Special Events

WATER ROCKET WORKSHOP

You'll have a "blast" testing our rockets fueled by water and air. We'll even provide you with materials and teach you how to make one so you can take home your own water rocket launcher!

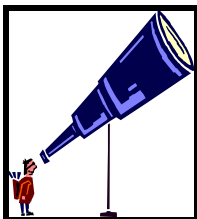

PUPPET & JUGGLING WORKSHOPS

On Saturday morning, we'll make puppets and then use them to tell Bible stories. In the afternoon, we'll give basic instruction on juggling techniques, proving that "anyone can do it—with a little practice. We'll try juggling balls, scarves and "jester sticks."

CAMPFIRE PROGRAMS

No camp experience is complete without a campfire. The Lutheran Hills summer camp staff will conduct nightly Campfire programs with songs, skits and stories.

SATURDAY NIGHT STAR HIKE

If the weather cooperates we'll journey through the night sky and learn some to recognize some summer constellations and the primary stars of our Milky Way Galaxy.
