The Christian camp experience helps ground a child to a faith that provides the basis for character, personal conduct, positive relationships, and that may one day “get them through” a mental health crisis involving disaster, tragedy, loss and grief.

November 23, 2015

Dear Friends

LOMIK is in the business of “changing lives” by connecting a young person with God through the camp experience at Lutheran Hills, Lutherwald & Lake Luther.

To connect a child with God is to give a child a sense of place in the universe, a sense of meaning and value.

The Christian camp experience helps ground a child to a faith that provides the basis for character, personal conduct, positive relationships, and that may one day “get them through” a mental health crisis involving disaster, tragedy, loss and grief.

A child’s Christian faith is stimulated and fortified through the camp experience. This faith is a rock upon which to build a life.

Will you support us in our work to grow Christian faith in young people?

A gift of any amount helps us in this most important work.

Thank you for your partnership!

A handwritten signature in blue ink that reads "Pastor Mark".

Rev. Mark Radloff, Executive Director
